

September Homework:

Careers

Instructions: For the month of September your child will be researching a career and using their creativity to make a poster board on a career of their choice. Their board must describe the following: the role of someone in that career, the education or schooling required to hold that job, why they chose this career, and an example of someone who works in that field. For each section your child must hand-write 2-3 sentences to fully answer the question. The poster board will need to include a minimum of 3 pictures. These can be printed photos or cut outs from a magazine or newspaper. Your child will then give a 3-5 minute presentation on the career of their choice. The project will be due Monday, September 28th.
